# FREE COMMUNITY SERVICE

## HISTORY OF THE FOUNDATION

Established in 1999 the Foundation was formed to follow a great Australian and humanitarian in Sir Roden Cutler VC (pictured above) example of serving fellow Australians and providing for the most vulnerable in the community.

Since its humble beginnings the Foundation has rapidly grown to meet an important Community need through its "FREE" Medical Patient Transport service as well as providing essential funding through its Special Circumstances Grant.

The Foundation is a self-funded organization and relies heavily on the support of local community organizations, sponsors, and donors.

## WHAT WE DO

The Foundation assists people in urgent need of transport to meet their medical and health needs.

It helps especially the elderly and those who are physically and mentally disadvantaged who are alone and have no one else to turn to be mobile and to improve and enhance their overall quality of life.

The service therefore allows them to attend at times critical medical appointments whilst providing them with the autonomy, independence & respect they deserve.

## TESTIMONIAL

"My name is S. L. and I suffer from Cerebral Palsy. I live in a nursing home called Sir Joseph Banks. I can attend a day centre, it's only possible because Sir. Roden Cutler Foundation organise transport for me to get there. Without that, I'd be lost. Many, many thanks for your support and allowing me the opportunity to participate in activities I would otherwise miss out on."

Many Thanks, S.L
