Sir Roden & Lady Cutler Foundation FREE Medical Patient Transport Service.

Our History

Established in 1999 the Foundation was formed to follow a great Australian and humanitarian in Sir Roden Cutler VC's (pictured below) example of serving fellow Australians and providing for the most vulnerable in the community.

Since its humble beginnings the Foundation has rapidly grown to meet an important Community need through its "FREE" Medical Patient Transport service as well as providing essential funding through its Special Circumstances Grant.

The Foundation is a self-funded organization and relies heavily on the support of local community organizations.

Our Services

The Foundation assists people in urgent need of transport to meet their medical and health needs.

It helps especially the elderly and those who are physically and mentally disadvantaged who are alone and have no one else to turn to, be mobile and to improve and enhance their overall quality of life.

The service therefore allows them to attend at times critical medical appointments whilst providing them with the autonomy, independence & respect they deserve.

John wanted you to know how much he appreciated the Foundations support during his difficult journey with cancer. I wish to thank you so much too!

Thank you Irene McCartney

Thank you for your efficiency, support and patience. You have genuinely assisted my mother in the later time of her life."
